

# JT SAFETY TRAINING LTD

DBA **LIFE LINE**

*October 19, 2011*

*Forestry  
Bear Awareness  
2.5 - 4 hours*

The objective of this program is to increase the students understanding of bears and proper safety techniques. The course provides factual bear information including material on bear habitat, species identification and avoidance of bear encounters when hiking, camping and working in bear country. The students cover a wide range of information regarding bear encounters including black bear versus grizzly encounters, defensive/aggressive attacks versus predator bear attacks, and the safe handling and usage of defensive weapon such as: bear spray, bangers, guns, knives, etc. **(Valid for 5 years) \$90.00 per person plus tax, Book included.**
